

Why Should I Join SAFE?

Helps you achieve your professional goals

Represents your interests on FAA/industry committees

SAFE keeps aviation common sense on the table in such committees as

- FAA General Aviation Joint Steering Committee
- Airman Certification Standards Work Group
- Aviation Rulemaking Advisory Committee Work Group
- GA Loss of Control Work Group
- Partnership to Enhance GA Safety, Accessibility and Sustainability (PEGASAS)

Encourages new, younger GA pilots

SAFE supports today's teachers with free aviation education, STEM resources

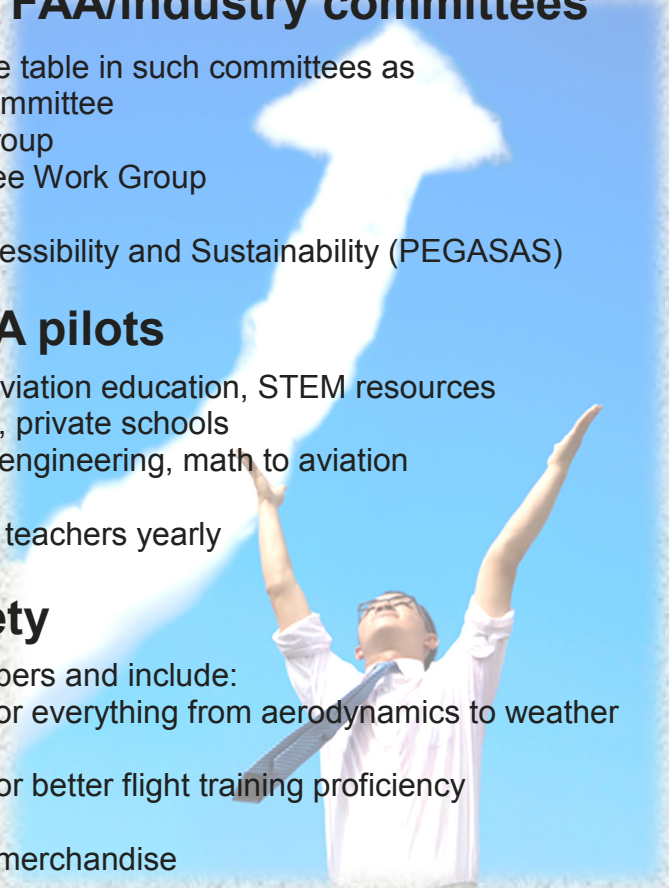

- Encourages aviation education in public, private schools
- Helps teachers tie science, technology, engineering, math to aviation
- Aviation educator mentoring program
- Cash grants for K-12 aviation education teachers yearly

Resources for better GA safety

SAFE's Resource Centers are free to members and include:

- The best shows, statistics, procedures for everything from aerodynamics to weather
- SAFE-created CFI Open Forums
- Nationwide Pilot Proficiency Programs for better flight training proficiency
- Safe Toolkit app for Android, iPhone
- Discounts on aviation safety programs, merchandise

Help Yourself. Encourage New Pilots. Make GA Safer.
